Send a Brick for Christmas!

Since 2011, when we first started raising money for the construction of the Model A Museum, over 1400 bricks have been ordered in memory or in honor of our favorite Model A'ers, Model A clubs and regions. We have room under the gas canopy at the Museum for about 200 more bricks. It would be a wonderful thing if we could finish off that area this year! You could help us make that goal by ordering a brick for a loved one for Christmas. It would make a great gift for that loved one in your family who really doesn't 'need' anything and of course, it would benefit the Model A Museum as well. If your Model A region or club doesn't yet have a brick at the Museum, now would be a good time to do that as well. Use the brick order form in this issue of the 'A' Preserver to order your engraved brick. It will be in place at the Museum by next September.

Merry Christmas and thank you. Loukie Smith, Brick Coordinator

A young couple had been married a short time when the husband finally got up the nerve to say to his wife, "I wish you made bread like my mother. His wife looked him in the eye and replied, "I wish you made dough like my father."

Tech Tip.....

PUTTING YOUR CAR AWAY FOR IT'S LONG WINTER'S NAP

1. Change oil and update fluids.
2. Fill gas tank.
3. Clean your car.

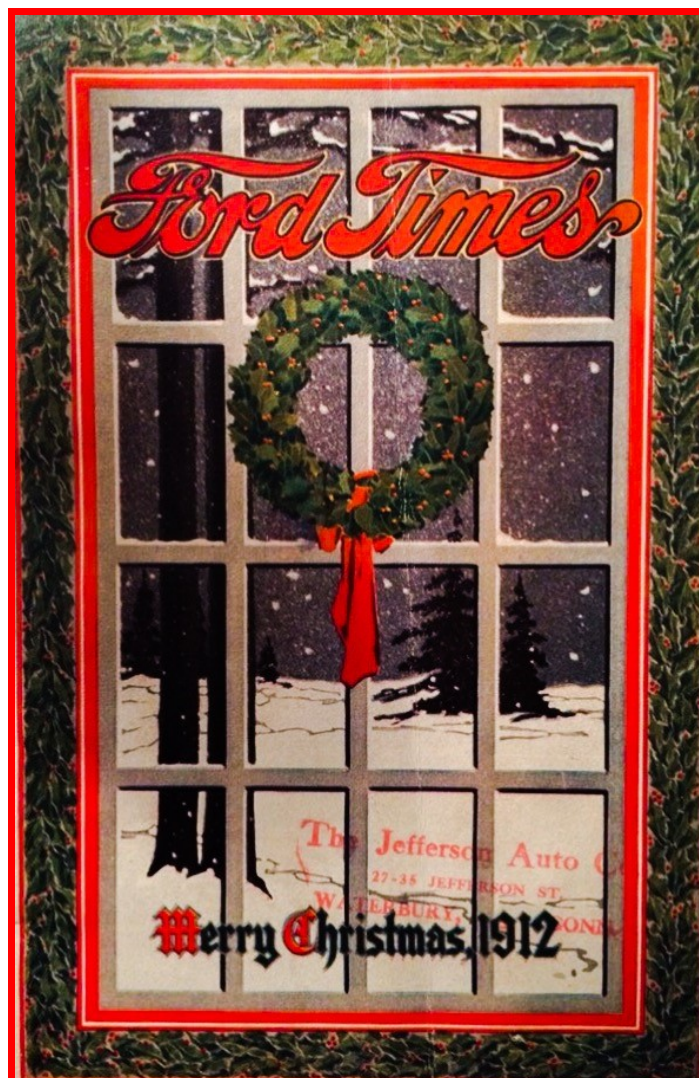

Good wash and coat of wax and cleaning of interior is also good to prevent leather from drying out. May want to put rags in easily accessible areas such as air intake and exhaust to prevent unwanted animal and rodent tenants.

Note: Tape note to steering wheel to remove rags in the spring before starting car.

4. Lift it. Jacking up car can go a long way to prevent flat spots in the tires. This also reduces stress on the suspension. Note: If not set on jack stands, inflating the tires at a higher PSI can also avoid flat spot. (Keep parking brake off).

5. Remove battery and store it in a warm place, or put it on a trickle charge. Start the car about once a month.

Ahooga Ed

Ford Times was a monthly publication produced by Ford Motor Company. The first issue was published on April 15, 1908 until April 1917, ceasing publication with America's entry into World War I. After a more than 20 year break, Ford Times resumed publishing in 1943. This iteration of the magazine would last 50 years until January of 1993. The magazines were similar to *Reader's Digest* and *Yankee*. *Ford Times* magazines were 4x6 inches in size and later was 5x7 inches in size. Each issue usually consisted of several stories about destinations for sports or vacations or of historic interest as well as promotional information about current Ford vehicles.

Thank-you to everyone who sent cards after the passing of Bob's sister, Rosella Frank.
