A's in N.W.MISSOURI, Regional Meet

Heading to St. Joseph, MO in their Model A's were Dale Kirkland and Dean & Margaret Mays. After a 4 hour drive, their destination was reached were they were joined by Jerry & Dick Waechter, Gayle & Nancy Hanshaw and Glen & Margaret Manske. Don & Marcia Borcher joined in on for the Thursday tours. Highlights included a tour to Conception Abby, close -up look at wind turbine blades, visiting the Shatto Dairy, and tour to Lathrop, which is home to the Antique Car, Tractor and Engine Club. Non-driving events included seminars, hat making, Ladies & Men's luncheons, car games and the Hubley Races. Unfortunately, Margaret's cars didn't do well. Part of the problem was due to losing a wheel on the race track. Next year there won't be a regional meet due to the national meet being held in Colorado. Start making you plans now. Sounds like a lot of fun.

Club Correspondence: President Taylor reported on emails she had received from people who had located our website. One message included information that will be placed in the newsletter concerning a 1930 Model A that is for sale. Another email was from Ron Brown a son of early CMAFC members who now lives near Norfolk. He indicated that he is still doing antique car repair. Ron also suggested our club might consider a road trip in the Norfolk area that could include a 1950's diner near where he lived. Another email was from someone looking for a 1928 or 1929 Model A who prefers the following colors: black; rose beige; or Chicle/Copra.

Dick and Joan both reported on the contacts from the Meadowlark Club indicating they had been invited to participate in the Applejack Festival at Arbor Lodge on September 19. Tech Tip .....

For those of us that are using the newer style points in our distributor, sometimes the upper plate contact tab will short out against the upper plate. A simple solution is to add a piece of rubber tubing over the contact tab. Use a drop of locate thread lock to nut before tightening.
