Tech Tip.....

COOLING PROBLEMS AND (SOME CURES)

Many cooling problems can be traced to improper ignition timing, improper carburetor air fuel ratios, poor coolant circulation or heat transfer (radiator blockage or bad pump), loss of coolant (leaks, holes, blown head gaskets, etc.) or other issues.

A fan shroud can be added to your engine. A plastic reproduction is available or talk to Lee at Brassworks. Brassworks makes a metal shroud for your Model A. It is highly recommended to use a temperature gauge. This is the only accurate way to monitor your cooling system performance.

The 2-blade fan is an advantage as it actually delivers 15% more cooling than the 4-blade fan because of propeller style blade. Also less drag on engine. It is not recommended to use the reproduction aluminum 2-blade fans. They do not seem to be balanced well or fit the water pump shaft.

CMAFC Board Meeting Minutes August 19, 2015.

President Joan Taylor convened a CMAFC Board meeting at her home at 7:00 p.m. on Wednesday, August 19, 2015. Board members in attendance were Bob Callaway, Harry Johnston, Margaret Mays, Jenn and Nick Heetderks, Bill Buckley, Judi Cook and Joan Taylor.

Joan announced that there were two main agenda items: Determining who would chair the Sept. 5, 2015 meeting in her absence and making decisions related to the December Christmas party.

Judi Cook will chair the Sept. meeting and Jim Cook will take minutes. After discussion related to board member absences on the Labor Day Weekend the suggestion was made to consider amending the rules for 2016 and schedule the September meeting on the second Saturday and the October meeting on the first Saturday. We no longer have the first Saturday of October conflict we had previously when current club rules were made. We will keep the second Saturday of October as already set up for 2015.

As an introduction to decisions about funding for the Christmas party, President Taylor suggested that we modify the November meeting and not have the expenditure for purchasing chicken for the main dish. She proposed a "soup supper" with about 5 members bringing varied soups and others bringing accompanying dishes. Bill Buckley made a motion to have a soup supper in November that was seconded by Jenn Heetderks and passed by the board.

Joan said that the Borchers family had agreed to provide entertainment and had said no payment was required. The board agreed that the Borchers' meals should be provided as an appreciation gift.

Margaret Mays said she would provide a video loop of the year's activities as she has done in the past. The schedule was review of 5:30 p.m. cash bar, 6:30 dinner and 7:30-8:00 entertainment followed by installation of officers. Joan indicated she had obtained quotes for food from Misty's the site reserved for the Christmas party. A buffet similar to ones of previous years would cost more than in the past. An option of requesting a particular main entrée was proposed. After discussion, the board voted to provide the following options for food to be served at our tables rather than buffet style:

A prime rib meal with dessert would be about \$36.00;

A salmon entrée with dessert would be about \$34.00;

A chicken entrée with dessert would be about \$27.00;

Nick Heetderks made the motion that those choosing Prime Rib would pay \$16.00, those choosing Salmon would pay \$14.00, those choosing Chicken would pay \$7.00 and club funds would be used to pay the balance.

Bill Buckley seconded the motion which was approved.

Discussion followed regarding the contributions given to charities in the past. It was the consensus of the group that bringing gift cards was an efficient and effective way to provide assistance in the community. Various organizations were considered as potential recipients with a suggestion to find out if the Center for People in Need would also find gift cards as helpful as they have been for the City Mission.

President Taylor asked if there were any other items of business. Nick Heetderks made a motion that CMAFC begin the process of transferring our funds from Bank of the West to Union Bank so that the transfer would be effective in January at the time of change of officers. Bill Buckley seconded the motion which was approved.

The meeting was adjourned at 8:05 p.m.
