Don't forget about the first Tuesday of the month breakfast at the Hy-Vee, 70th & Pioneers Blvd. Arrive around 9 am.

Our Club has been invited to show our Model A's at Arbor Loge in Nebraska City during the Apple Jack Festival. We will be leaving from the gas station at 87th & Hiway 2 at 7:30 am on September 18. After arriving in Nebraska City, we will meet up with the Meadowlarks at the high school. We will then drive up to Arbor Lodge as a group. Gayle recommends that the Meadowlarks park first with anyone wanting to leave early parked closest to the exit. Any Cornhusker could do the same thing in their group. Admission to the mansion is free and a free lunch will be provided. (Subway sandwiches, chips and beverage.) We are scheduled to have a group picture taken around mid morning. There is a good possibility that there will be a shuttle going downtown if anyone would like to go to the car show. There's a lot going on during the festival. For a listing, please check out their website: <http://gonebraskacity.com/festival/apple-jack-festival/>. **Gayle will need a head count of those planning on going. He will be sending an email. Or you may call him anytime at 402-570-8623 or 402-423-4448 and let him know that you will be going.**

Traveling to Syracuse for the County Fair Parade were Dale Kirkland, Dean & Margaret Mays, and Loren & Valda Davidson with daughter Jolene and grand kids Peyton, Kiara & Kristian. With the assistance of Loren and Dale, the tire was changed just as the parade was about to start. But all was not well, Loren was unable to start his "A". Thanks to the parade volunteers pushing it to jump start it, we were able to join the parade. After the parade and getting a bite to eat, we all headed back to Lincoln.

MODEL A FOR SALE

Leo Sougey and Jim Cook went to Sutton recently to help Mick and Linda Stoehr (Linda is the daughter of the late Willard Hansen, a former club member) get their 1929 Model A roadster running and to provide the Stoehrs with an assessment of the car. Jim has written that assessment and sent it to the Stoehrs. They desire to sell the car and based on his conversation with the Stoehrs, Jim expects that they will ask a fair price. Jim's assessment as well as several pictures can be provided to anyone interested in the roadster. Call Jim at (402) 483-1239 or email him at jcook2@neb.rr.com. You can also contact the Stoehrs directly at P.O. Box 129, Sutton, NE 68979 or at (402) 984-9249 or (402) 773-4178.

MAFFI Newsletter Minute

Dear Model A Friends,

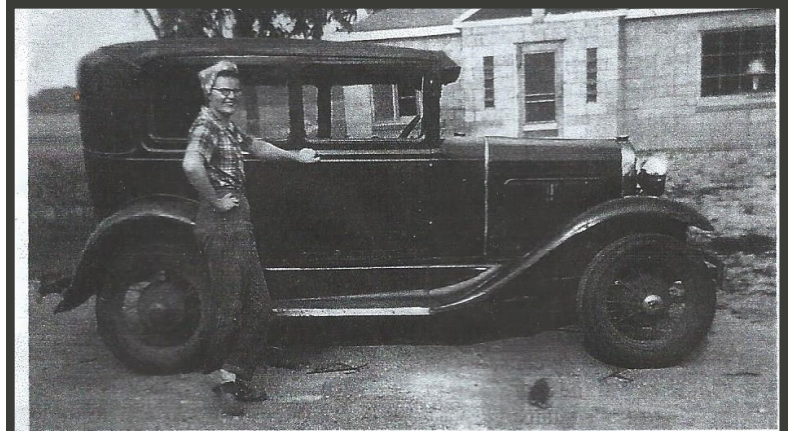

As many of you are aware, the Model A Ford Foundation is the sponsor of the Model A Museum at the Gilmore. The Foundation is a non-profit organization and run by trustees from across the nation, who are elected to the board by the MAFFI membership. Your trustees this year have been John Marshall, Jerry Morrissey, Randy Czubko, Rob Seiter, Rob Mills, Donna Lewis, Anne Neely-Beck, Janice Barker, Marsha Quesnel, Stan Braden, Joe Hornacek, Gene Tallone, Lou Ironside, Jim Thomas, Loukie Smith and our Executive Director, Art Callan. Obviously, the closer a trustee lives to the museum, the more hands on work he/she is able to do at the museum but all trustees do what they can to promote the Foundation and the museum. I would like to take this opportunity to thank each one of them for the work they so willingly do. I hope that if one of these trustees is a member of your club or you meet one of them at Model A Day or a national meet somewhere that you will tell them 'thank you' as well.

If you think you may be interested in serving as a trustee, let any one of us know and we will happily talk with you about MAFFI.

Sincerely,

Loukie Smith

MAFFI president

Throwing a Stiff-Arm

I AM STANDING next to my green 1929 Model A Ford in this 1948 photograph (above), taken on North Cape Road in Hales Corners, Wisconsin, in front of my parents' newly built house.

I didn't like putting my arm out the window to signal left or right turns when the weather was cold, especially since the window was hard to get up and down.

So my brother, Bob Werner, cut an arm and hand out of plywood,

mounted it on the driver's side of the Ford and painted the hand light brown and the arm and fingernails red.

Bob then drilled a hole through the top of the door, tied a string to the top of the arm and snaked the string through the hole to the inside of the car. All I had to do was pull the string on the arm to show a left or right turn, moving the arm straight out or down.

Amazingly, every once in a while, you'd see another car rigged the same way.
